Braeden Casados

505-690-6879 | btheartist@proton.me | Los Alamos, NM

Objective

As a person with a passion for the sciences, including research, development, programming, and engineering, I am seeking an entry-level job where I can apply my problem-solving and technical skills to contribute to the development of new products and technologies. I am eager to work as part of an integrated team and assist in designing, testing, analyzing, verifying, and validating engineering, technology, and scientific solutions. I am committed to learning advanced technologies and analysis techniques while ensuring safety, security, and compliance.

Education

New Mexico State University

Las Cruces, New Mexico
BA in Computer Science (In progress)

Key Skills

Basic proficiency in Python	Communication
Working knowledge of HTML and CSS	Problem-solving
Attention to detail	Time management

Experience

Strong attention to detail and ability to prioritize tasks in a fast-paced environment while maintaining a high level of quality, customer satisfaction, and safety. Proficient in diagnosing and addressing technical and mechanical issues with ski equipment. Skilled in managing the daily operation of the café, including overseeing staff, buying supplies, managing inventory, and ensuring compliance with health and safety regulations. Strong communication and interpersonal skills, including the ability to resolve customer complaints and work effectively with a team. Creative problem solver with the ability to think on your feet and make decisions quickly in a fast-paced environment.

October 2018 - February 2019	January 2020 - July 2020	January 2023 - April 2023
Courtesy Clerk	Assistant Manager	Ski Tech
Smith's Marketplace	Daniel's Cafe	Pajarito Mountain

Safety
